

Harrisonville Police Department Residential Camera Program

Do you currently use private video surveillance at your home? If you do, the Harrisonville Police Department would like to hear from you.

Video surveillance is one of the best methods for apprehending criminals and convicting suspects who are caught in the act of committing a crime. We believe this will help build better community-police partnerships here in Harrisonville.

Register your Security Camera

The Harrisonville Police Department is requesting your help in fighting crime by taking part in the Residential Camera Program (RCP). The RCP allows the residents of Harrisonville to register the locations of their video surveillance cameras with the Harrisonville Police Department. When a crime occurs, the police will be able to identify where video surveillance cameras are located and enlist the assistance of the community to help officers collect video evidence and follow-up on leads.

Through the program, the Harrisonville Police Department will be able to directly contact RCP participants who are using video in an area in which a criminal incident has occurred. Police would ask RCP participants to check their video surveillance system for a specific date and time for video that may show activity involved with a criminal incident, I.E., a getaway vehicle or the direction that a person of interest was headed. If any video evidence is found, the resident can contact the Harrisonville Police Department 816-380-8940 to make schedule for video surveillance footage retrieval.

RCP Policy and Terms of Use Policy

Registration is voluntary and there is no cost associated. Registering your video surveillance system does not provide the Harrisonville Police Department with direct access to your surveillance system. You may request to be removed the program at any time by notifying the Harrisonville Police Department. An individual's information will be kept confidential by the Harrisonville Police Department. Your information will be accessed by law enforcement personnel who are investigating a criminal incident in the vicinity of your residence.

You will only be contacted by the Harrisonville Police Department in the future if there is a criminal incident in the vicinity of your residence. Police personnel, if necessary, may request a copy of any footage captured by your video surveillance system, which may assist in the investigation of a crime.

The goal of the program is to deter crime and promote public safety through collaboration between the Harrisonville Police Department and the residents to Harrisonville. Accordingly, all participants agree to the following terms and conditions.

1. Any footage containing or related to criminal activity may be collected by the Harrisonville Police Department for use as evidence during any stage of a criminal proceeding.
2. Under no circumstance shall a registrant construe that they are acting as an agent and/or employee of the City of Harrisonville and/or the Harrisonville Police Department through the program.
3. If necessary, the Harrisonville Police Department will contact you directly, using the information provided to the Harrisonville Police Department, to request the appropriate video surveillance footage.

By submitting this form, the RCP participant understands and agrees to the above policy and terms of use.
